Dear Green:

I hope you are a little rested from last summer because it is just about time for the headaches to begin again. I do hope you saw The Courier this week. I wonder what is the reason for Smittys outburst. While we all know most of the things he said there is grounds for. But this seems like a bad time to give the baseball such a going over. I dont see how The Courier can continue to take all that money from us at the East West game, and knock us as they did this week.

Abe asked me to write you and ask you for the name of the cleaner you use in Baltimore. Our cleaner here said he will writie him and see if he can find out what it is he uses that keeps the suits from shrinking. If you do not have his correct address if you just remember the name and the street he is on maybe we can locate him. It is a shame the way our suits shrink. We have had to give away a couple good sets of uniforms because they shrank too small to use.

Has Tom said anything about calling a meeting? We certainly should elect officers soon. I did not know Tom and Dr. Martin had a meeting with Comm. Chandler, or was it just Martin alone? There has been so much secrecy in what has been done. I wonder why. When we know anything we are reading it in the papers. At the last meeting Tom was to contact Gus about joining our league. I thought he would let the members know what happened. Up to now we have not heard a word from him. With things in the messy shape they are we should certainly try to get some program under way. You hear so many rumors and you do not know what to believe. One of the storie says Blair, Johnny Wright, Partlow have signed with Rickeys league. I would not be at all surprised. Please try and get Tom to call a meeting soon.
